Contact	Name : Francesca Azzali francesca.azzali@canossa.it Tel : +39 05 2242 1096 Mobile : +39 34 8731 3906
Notes	<p>Stella Alpina 2017: we are celebrating 70 years. Join this memorable celebration of the very first rally in the Dolomites!</p> <p>6-9 July 2017: these are the unmissable dates of the Stella Alpina, that this year celebrates its 70th birthday.</p> <p>Indeed, in 1947 for the first time the participants took to racing on the roads of the Dolomites; today the competition has become a must for classic car enthusiasts.</p> <p>1947-2017: Seventy years of history that recount the evolution of a legendary race that Piero Taruffi, one of the most important racers to take part in it, described with the following words: "For a person who loves the beauty of nature and of motorsport, there is no better race than the Stella Alpina..."</p> <p>To celebrate their 70th anniversary, the organisers have decided to create a special edition of the race that will reintroduce the original routes and a programme that lasts four days, like it did in the past. The 2017 edition</p> <p>From this year, the Canossa Events team, leader in classic motor racing, will aid Scuderia Trentina in organising the event.</p> <p>The rally is open to cars built before 1971 and will take place over a 750-kilometre route.</p> <p>The nature and panoramic views of the Dolomites, that are UNESCO heritage sites, will be the backdrop for the rally and its many regularity trials: 99 timed trials and three speed average trials. These are the ingredients of what is going to be a very special edition of the Stella Alpina!</p> <p>Great attention will also be dedicated to the hospitality side of the competition: the crews will stay in the best hotels in Trento and will enjoy meals on mountain peaks!</p> <p>The vehicles will be displayed and introduced to all the enthusiasts that will also be able to savour the magnificence of these racing beauties.</p> <p>Tribute to the Prancing Horse This year, as is well known to all the aficionados, Ferrari is celebrating its 70th Anniversary. As homage to the company, the organisers have decided to create a Tribute to the Prancing Horse, with a section especially reserved for modern Ferraris' that will follow the same routes and will also compete in the same trials.</p> <p>A bit of history The first edition took place in 1947, based in and around the city of Trento, thanks to the support of Count Mancini, who was at the time, president of the Automobile Club of Trento. The name Stella Alpina derives from the flower that only grows on the Alps.</p> <p>It was at first, like most classic car challenges, a speed race, with the addition of adrenaline packed downhill trials. 51 competitors took part in the first edition, and Tazio Nuvolari was the first to officially start the race.</p> <p>After many successful years, thanks to the participation of the most famous racers of the time, there was an abrupt break in its history in 1957 as was for all the other road competitions in Italy.</p> <p>In 1984 the race was re-born as a regularity rally for classic cars. Registrations are open from the first of March until the 15th of June. There are special offers for those who will take advantage of the early booking promotion, for the teams with at least five crews, and for the Ferrari Owners Clubs.</p> <p>We look forward to seeing you in July, to experience a one of a kind challenge.</p>
