

**STELLA ALPINA
has received a nomination in the Historic Motoring Awards
in the Rally of the Year section.**

We are proud to announce that the **Stella Alpina** is on the shortlist of the **Historic Motoring Awards** in the **Rally of the Year** section.

A huge success since the Historic Motoring Awards, the "Oscars of Motoring", are reserved for just the **5 best classic car motoring events in the world!**

The awards are organised in England and are dedicated to the world of classic and collector cars.

It is yet another important acknowledgement for the Italian motoring panorama and for ACI, which represents it so well: the award is confirmation of the quality and unique nature of the motoring heritage of a country that welcomes thousands of enthusiasts every year who come to take part in top international events organised around the country.

Proof of the excellent work carried out with so much passion and professionalism by the team from Scuderia Trentina and Canossa Events, who once again renewed their important partnership to organise the Stella Alpine for the third year in a row.

The team is already getting the new programme ready for the 2019 rally, when the crews will rise to the challenge presented by the most scenic passes in the Alps and the most attractive and testing roads in the Dolomites.

The programme will be announced within December and applications will open in January.
