

Put the pedal to the metal for the 37th Stella Alpina historical Rally!

June 3-5, 2022: embark on a timeless journey where the gorgeous Dolomites landscape meets the motorsport passion

The breathtaking routes of the Dolomites, UNESCO World Heritage Site, are once again the undisputed protagonists of the Stella Alpina 2022 classic regularity rally, making Trentino Alto-Adige the hot spot for car lovers.

For the occasion, Canossa Events and Scuderia Trentina have arranged a rally itinerary filled with emotions: crews will compete on a route over 450 km long in 65 time trials and 6 average speed trials, providing a thrilling driving fest passing through 12 mountain passes. The Giau Pass, Falzarego, Valparola, Lake Carezza and Lake Caldonazzo are just some of the incredible locations you will lay your eyes on.

With its blend of adrenaline, passion, jaw-dropping sceneries and hospitality, Stella Alpina will surely quell your thirst for motors and good life. The heart of the event will be in Moena, the inviting Fairy of the Dolomites, nestled in Val di Fassa and in some of the most suggestive Dolomite groups. Feel the magic yet?

Friday, June 3rd

After the registration and scrutineering at the G. Carponi Trento Airport, Stella Alpina will set off in Trento, as drivers will make their way to Mezzocorona. Crews will drive along the ancient Wine Road, with its 10.000 acres of vineyards, reaching Egna, Aldino, Monte San Pietro, the Lavazè Pass and Cavalese. Racers' fatigues will be rewarded in Moena, last stop of the day and cradle of the Ladin culture and gastronomy.

Saturday, June 4th

The second day will see racers driving to the San Pellegrino Pass, Caprile and Alleghe. The route will then go upwards towards the Giau Pass, Falzarego and Valparola. High on altitude and adrenaline, the crews will move down to Armentarola (1620 m), a lovely oasis immersed in the lush Alta Badia. The last stops of the day will be Colfosco, Selva di Val Gardena, Fiè dello Sciliar, Bolzano, the Tires Pass, Lake Carezza and the Costalunga Pass, circling back to Moena.

Sunday, June 5th

The last day of the rally will be graced by the gorgeous vistas of the Fiemme Valley, as crews will drive along and through Predazzo, Cavalese, Passo Menghen, Borgo Valsugana and Levico. The following section of the race will cover the Compet Pass, Pergine Valsugana and Lake Caldonazzo, the largest of Trentino Alto-Adige and absolute gem of the Valsugana Valley. The final stretch of the rally will be a thrilling rush through the Vigolo Vittaro Pass towards Trento. There, participants will enjoy the lunch and the much-awaited awards ceremony.

A tribute to the Prancing Horse

Like every year, also in the 2022 edition there will be a ranking for modern Ferraris in order to pay tribute to the Prancing Horse, with the cars competing on the same routes and in the same trials.
